My dear Raja, I was all the while, representing before you, about the following Public works. 1. Electricity to Harpanahalli town. 2. Bridge over Hagari between Kothur and Harpanahalli. 3. Malvi Project. 4. Restoration of Nudenur tank in Hadagalli taluk.

2 All these Schemes were investigated, estimated and Sanctioned long back. Unfortunately, they are not executed. These are very urgent and essential works to be taken up immediately in the interest of the public.

3 I request you to kindly see that above said are executed Quickly.

4 Regarding the Supply of Electrical energy to Harpanahalli, I am Surprised to see a Memo issued for advance of loans from the Consumers to the Government. This is an absolute impossibility in the Condition in dry Parts are hopeless. People are Suffering a lot. They are finding it hard to live. At the Same time, Supply of Power to Harpanahalli is not an extension. It is a basic line from

Sokki in Mysore State, Covering a number of villages, where well irrigation may be taken up. I enquired the Chief Engineer, Electricity a number of times. He was telling me that for want of transformers it was delayed.

5 I earnestly request you, to treat this as a basic line and order execution of the same early.

6 Lastly, I would like to remind you about Sri: M.R. Krishnamurthy.

Expecting a line in reply.

With best Wishes.

Yours truly
Srinagesh

No.2542 I/53--2 d/ 12.5.53.

Sir,

Sub: ELECTRICITY-Rayalaseema Power System
Bellary District-Harpanahalli taluk
Extension of supply to Harpanahalli.

Ref: Government Memo No.25483 E/53-1
Public Works Department, dated 4.5.53.

****

A scheme for extension of supply to Harpanahalli and Mathihalli villages has been sanctioned in G.O. Ms. No.466, Public Works, dated 13.2.52 at an estimated cost of Rs.4.186 lakhs. But it could not be taken up till now for want of funds. There is no possibility of taking up the work even this year, i.e. 1953-54, as no funds have been provided for such extension schemes in view of the financial stringency.

2. The work can however be taken up for execution if the beneficiaries of the scheme or others in the area are prepared to pay the cost of the scheme as voluntary loan contribution to the Department as outlined in G.O.Ms.No.4741, Public Works, dated 20.11.52.

3. This position has also been intimated to Sri Virasappa Ijari, M.L.A., recently, by the Chief Engineer for Electricity in reply to a similar reference from him.

Sir,

Sub:-Electricity - Rayalaseema Power System - Bellary I
Harpanahalli - Extension of supply etc.

Ref:-Your letter dated 7-4-53 to M.(P.W.)

....

~~I am directed to state the following~~ With reference to the requests in your letter cited, I am directed to State as follows:—

(i)Extension of supply of electricity to Harpanahalli Town:- In view of the present financial stringency (now facing Govt.) it is not possible to take up the execution of the sanctioned scheme for extension of supply of electricity to Harpanahalli and Mattihalli villages in Bellary District. ~~for want of funds. However,~~ The scheme can however be taken up for execution under first priority, if the required funds to meet the full capital cost of the scheme is made available by the local beneficiaries as loans to the Govt. Electricity Depart

(ii) Bridge over Hagari between Kothur and Harpanahalli

Attention is invited to this Govt.'s letter No. 1193 A/5 P.W. dated 3-4-53. There is no change in the position stated therein as the financial position of the Govt. has not yet improved.

(iii)Malvi or Hagari Bommanahalli Project:-

The scheme is under consideration.

(iv)Restoration of Mudenur Tank in Hadagalli Tk.

The matter is under consideration of the Government in Revenue Department.

Bridge over the Hagari between Kothur and Harpanahalli

In their letter No 1193A/51-1 P.W-d 3-4 1951, the Govt informed Sri: Sirasappa Ojari, M.L.A, that the Construction

of the bridge in question which was estimated to cost about Rs 1·86 lakhs was provided for in the Five Year Plan of Post war Road Development of this State, and that, however, in view of the then financial stringency, it could not be taken up for execution in 1951-52 and that its execution during 1952-53 would be considered if the financial position permitted it. As the financial position has not since improved the work could not be taken up till now. ~~It would be difficult, the work has not been taken up so far, in view of the very low priority given to road works (including bridge works) by the Govt of India in the Five Year Plan.~~ It is also not likely to be taken up in the near future
